COMMUNITY ART

You can use art to express yourself, just like with talking or writing. This is your chance to let other people know what your community means to you.

GATHER YOUR MATERIALS

For this project, you can use anything! You can make art from any materials. Some ideas are:

<table>
<thead>
<tr>
<th>Colorful paper</th>
<th>Scissors</th>
<th>Tape or glue</th>
<th>Crayons</th>
</tr>
</thead>
<tbody>
<tr>
<td>Colored pencils</td>
<td>Markers</td>
<td>Sticks</td>
<td>Leaves</td>
</tr>
<tr>
<td>Clay or play dough</td>
<td>Cardboard</td>
<td>Rocks</td>
<td>Photographs</td>
</tr>
<tr>
<td>Stickers</td>
<td>Paint</td>
<td>Flowers</td>
<td>What else?</td>
</tr>
</tbody>
</table>

MAKE YOUR COMMUNITY ART

1. Make a piece of art that represents community to you. Your art might include:
   - the people you live with
   - places you like to go
   - ways that people support each other
   - what it looks like to use your voice
   - things you like to do
   - what a good park looks like to you
   - plants, animals, and other parts of the environment that support people
   - your sit spot
   - your talent links
   - the creature you created
   - your camouflage mask
   - your drawing game creatures
   - your soil painting
   - what else?

Your art might be a drawing or painting, a collage, a book, a sculpture, or something else!

2. Share the art you made with your family and explain the different parts of it.

BE PART OF OUR COMMUNITY ART COLLAGE

- Send a photo of your art to us! Email it to GardensEducation@duke.edu. We are creating a collection of all our community art to share together.

We are all part of communities, and you can help to create healthy communities by using your voice and working together.
